Professional Summary

Highly motivated B.E. student seeking Software Development opportunities with core competencies in Java, Python, and Data Structures and Algorithms. Strong foundation in AIML and project experiences. Dedicated problem-solver with strong adaptability and communication skills, eager to contribute to innovative initiatives through a collaborative and solution-oriented approach.

Skills

Coding Languages: Java, Data Structure and Algorithm, Python

Machine Learning and AI: NumPy, Pandas, Matplotlib, PyTorch, TensorFlow, Keras, Scikit-Learn

Development Tools: Excel, GoogleColab, VisualStudio, Figma, PowerBI

Soft Skills: Time management Skills, Communication and Interpersonal skills, Problem Solving and Adaptability

Education

Indian Institute of Technology Madras, Chennai 2025 – Present

Degree title: BS Online Degree in Data Science and Applications

- **Level:** Foundational

Rajalakshmi Institute of Technology, Chennai 2022 – 2026

Degree title: B.E. Computer and communication Engineering

- **CGPA:** 7.8 / 10

Velammal Vidhyashram Surapet, Chennai 2020 – 2022

- **HSC Grade Percentage:** 75.2

Velammal Vidhyashram Ambattur, Chennai 2014 – 2020

- **SSLC Grade Percentage:** 80.2

Projects

Anemia Predictor Web Application

- Developed a multi-login system with role-based access, allowing farmers to list products and consumers to browse, view details, and negotiate prices directly.

Song Recommendation System

- Developed a personalized recommendation system using Collaborative and Content Based Filtering (Python, Scikit-learn), achieving 15 percent improved item diversity and increased relevant recommendations.

Current Projects

- Building a Smart Interview simulator that directly aims to bridge this gap by offering a affordable, and highly personalized solution. AI-driven, real-time interview simulation with personalized feedback, seamlessly combined with an adaptive career coaching system.

Certifications

Basics of Computer Vision Awarded by Kaggle

MongoDB and the Document Model Awarded by MongoDB

Artificial Intelligence and Machine Learning Attended a 6 Day Course on Artificial Intelligence and Machine Learning, Conducted by Prof.Afizen Azman, Taylor's University, Malaysia.
